I am a 1.1 honours Bachelor of Technology (Education) in Materials and Engineering Technology Graduate with a strong experience working in third level education. As a PhD student investigating the development of adolescent spatial skills in technology education, I have had the opportunity to complete school-based research and work alongside Oide to develop and deliver teacher CPD. I have a high level of proficiency in current research informed pedagogies and practice to support the teaching and learning of technology education.

Education

2021-present

PhD Candidate in Technology Education

Technological University of the Shannon: Midland Midwest

“Investigating the development of adolescent spatial skills for future success in STEM”

Academic awards:

Recipient of the Presidents Doctoral Scholarship

2017-2021

Bachelor of Technology (Education) in Materials and Engineering Technology

University of Limerick – 1.1 Honours grade

Academic awards:

Recipient of the President’s Access Scholars Award 2021

Recipient of the congratulatory letter from the President on 3 occasions

Relevant work experience

Nov 2025-present

Assistant Professor

University of Limerick

Limerick

- Acted as school placement tutor for student teachers in a range of subject areas
- Managed the teaching and learning across a range of modules on the LM095 programme
- Module lead for the modules PN4063, PN4025, EY4013, & EY4076.
- Engaged in continuous reflection to support the ongoing development of the module.
- Acted as EHS staff representative for the ‘teacher career framework working group’
- Course Director for LM095
- Chair of LM095 course board

Aug 2023-Nov 2025

University Teacher

University of Limerick

Limerick

- Acted as school placement tutor for student teachers in a range of subject areas
- Managed the teaching and learning across a range of modules on the LM095 programme
- Module lead for the modules PN4063, EY4013, & EY4076, and tutor for EN4054.
- Developed module teaching, learning and assessment to align with current curricular trends while also build on existing pedagogical research
- Engaged in continuous reflection to support the ongoing development of the module.
- Acted as EHS staff representative for the ‘teacher career framework working group’
- Worked on the development of lab SR2064 as part of work package 7B.

Liam Maquet (087) 9312532

Aug 2021-June 2023 Teaching Assistant University of Limerick Limerick

- Acted as “TA representative” on the LM094/LM095 course board.
- Acted as a school placement Tutor.
- Managed the teaching and learning across a range of modules on the LM094/LM095 and PME programmes.
- Taught on the following modules: WT4024, EN6272, EN6292, PN4025, EY4076, PN4038.
- Designed and conducted assessment of student work across modules.
- Engaged in continuous reflection to support the ongoing development of the module.

Sept-Dec 2020 Student teacher St. Columba’s Comprehensive School Donegal

- Developed a blended learning approach in response to the COVID-19 pandemic.
- Established a safe workshop environment for groups of around 20 students.
- Created physical and digital resources for the successful teaching of graphical concepts.
- Developed midterm and end-of-term assessments for all taught class groups.

Feb-Apr 2019 Student teacher Rosses Community School Donegal

- Managed the teaching and learning in a diverse classroom setting.
- Designed differentiated instruction to support a wide range of learners.
- Established a safe workshop environment for groups of around 20 students.
- Volunteered to lead a ‘VEX robotics’ project with the TY class, as well as provide extra support to exam-year classes in Engineering and Technology
- Introduced the use of 3D printing to the school.

Other work experience

Other positions I have had over the past few years include:

- **Self employed** at ‘Loughros Turning’ handmade wooden products
- **General labourer** at ‘Premier Fish Products’ – Killybegs, Co. Donegal
- **Shop assistant and handweaver** at ‘Studio Donegal’ – Kilcar, Co. Donegal
- **General woodworker** at ‘Lavery Design Workshops Ltd’ – Dunkineely, Co. Donegal
- **Peer mentor** at ‘First Seven Weeks’ – University of Limerick
- **Exam reader** at ‘Rosses Community School’ – Dungloe, Co. Donegal

Skills

- Classroom based research.
- Academic writing and dissemination.
- Qualitative data analysis in R.
- Proficient in parametric modelling.
- Peer Mentoring.

Interests

- Educational research – currently analysing data collected from 25 Irish schools.
- Curriculum development - I would be very interested in working with the NCCA in the future.
- CPD – I have developed and delivered CPD to math teachers around the development of spatial skills in conjunction with the PDST.
- Computer science – Python, C++, VEX robotics – volunteered to help with the introduction of leaving certificate computer science on school placement.
